I want to thank you for sending RV Brown to New Orleans for the New Orleans Youth Minister's Impact Assembly week. RV did a great job!

The week consisted of assembly programs in the mornings and evangelistic comeback rallies at night. RV was in the West Bank Schools, which are 90% African American and some of the worst schools in the area. Specifically, he did 8 assembly programs, spoke twice to the Juvenile Detention Center, Once in the adult prison, and preached two comeback rallies. We had over 130 salvations that youth pastors are following up on.

As he spoke at one school, he looked at the principal and asked her how much time he had and she replied, "you can speak all day." She later commented that she had never seen the kids glued to someone like they were to him. A coach at another school told RV that he was the best school speaker he had heard in 35 years.

RV did a great job and we appreciate BGEA paying for him to come. We probably would not have been able to afford his caliber of a speaker without your help. The bottom line is there are kids who are in the kingdom now because of your investment.

Thank you!
